5. Notes and Caveats

This file was built on 22 November 2026 in the same format as the Company H reports, directly from the checked, page-cited transcriptions of the 2nd Battalion, 5th Marines command chronologies. The notes below record its sources and where the record is thin.

1. SOURCE. The entries come from 2/5 Command Chronology Nov 1970 (Texas Tech University Vietnam Archive item 1201049003); U.S. Marines in Vietnam · Vietnamization and Redeployment, 1970–1971.

2. HOW IT WAS COMPILED. H&S 2/5 is recorded in the chronology under several names: H&S, H&S (Bn CP), Bn CP, the 106mm section and the S-2 and S-5 sections. All are combined here. Because H&S was the battalion headquarters, every battalion-level entry not tied to a rifle company is included too. Entries are listed in date and time order, each with the page of the chronology it was read from; entries naming only Echo, Foxtrot, Golf or Hotel are left out.

3. COMMANDER. Company and battalion commanders are taken from the monthly organisation data (Section I of each chronology) as recorded in the battalion leadership ledger.

4. CASUALTIES. Casualty figures are not totalled here. Individual losses appear in the entries as recorded; for authoritative totals see the casualty tables in the original chronology.
