Dear Carey,

I sure hope that you and Wendy can get together and stay together. It sure would be nice if you could marry a girl like her. I think she's very nice and from the way you talk she's your whole future. I hope she's going to be. I'll continue praying about it.

The going has really been rough. We've been on the go for the past 8 days and we finally got one day off.

Sounds like you really enjoyed Wendy's visit. That's good.

Did Cindy ever mail you the $ I wrote and told her to? If not let me know and I'll check up and make sure you get the money.

I sure wish I could hurt my back playing football in the sand. All I ever do is hurt my back humping a PRC-25 radio and my pack and personal gear. I guess you know that I am a radio man now.

My eyes have the same problem as yours. What your problem is, is that you need reading glasses. I'm getting some as soon as I get back to the States next year.

I wish I could go home next month like you. We'll have fun and get yourself a decent job to make money!

So you'll get to go on the church's

company that'll be just great.

I've seen a lot of action in the past two weeks. Half of our company got wiped out taking an hills / mortar, rocket, grenades and machine gun fire opened up on us. The Lord was with me and I made it safely by His guiding hand of protection.

I must close here. I wrote mom 3 letters in two weeks. They surely must have received them by now.

Well got to go.

Write when you can

Your brother,

Johnny
