from almost this week. Sure wish I could come home now. I can't believe that Eddie is almost 6 feet tall. He's as tall as I am now.

Our batalion ran across over 600 NVA soldiers. They are trying to overrun the city of An Hoa. So far they haven't.

Well. I'll close for now. Thank you for writing. Say hello for me to everyone.

Your grandson,
Larry

Dear Grandma,

The weather here is hot 115° in the shade. The grass and rice paddys are brown or a faded green. Sure could do with some of your cool weather.

Mom and Dad wrote and told me all about the new church in Allegany. Dad has really put a lot of work into it too. I'm glad they had such good attendance.

I was in the hospital for 4 days. I came down with a heat stroke. It just got way to hot for me and I couldn't operate right so I passed out. They took me out by helicopter and sent me to the hospital. I had an air conditioned room there!

I never hear from anyone on the corner. How is everyone? What's new on the 5 Mile? Does anyone ever hear much from David Lein? It's really hard to believe that John graduates next month.

I hear that Gary comes home
