

Dear Gary,

Haven't gotten any mail in a very long time. How have you been. In fact, it's been two months since I've heard from you. Must be you got a broken horn or something. I guess you've heard all about my new adventure being a bugle player and the Colonel's body guard. It's quite an honor.

Enclosed is a picture of a ~~sparecode~~ that I am going to buy. I really feel in love with it. I can use it in a hundred ways. Even you can benefit from it. I'll type some of your sermons on it one of these days. It only costs \$4.80. I'm buying it over here for only \$2.55 only about half of the cost.

What do you think about it?

I've decided that now that I can play a bugle fairly well I'm going to get myself a trumpet when I get home.

I'll know how to play both a trumpet and a flange. I'd like to find about 3 other guys who could play a brass

instrument and then I'd have
a brass quartet (4). We could play
for christian parties and for selling.
I'd love that, how are you & the
guitar coming along? I've still
got mine at home. Maybe I'll give
it another try when I get home
next winter. What do you think?

I've also mailed you an article from
the newspaper. Keep it for me will you?
I'm going to have it framed someday.

Tomorrow we begin our operation
in the mountains. It'll be for about
4 to 8 weeks up there.

I'm not going to take my R&R now
until almost at the end of my tour.
I might go to Australia for Christmas that
would be great wouldn't it?

Well, I've got to hit the sack and
get lots of sleep for tomorrow.
Write when you can.

Love
Four Broke

I'm writing your letter with a candle!

**"Why didn't you tell me
you had a ROBERTS?"**

A warning to bachelors!

When she comes to dinner at your place . . . be sure to hide the ROBERTS!

You see, the ROBERTS doesn't mean the same thing to **her** as it does to **you**. A man buys a unique ROBERTS 778X Stereo Tape Recorder because he can tape his own "Stereo 8" cartridges for his car stereo. The 778X is the 2-in-1 unit that records and plays **both** reel-to-reel and 8-track cartridges. It has the exclusive Cross Field Head and other fine professional features. It costs \$429.95 and it's worth it.

But to **her** . . . a ROBERTS means that you are a man of quality . . . and taste . . . and discernment . . . who can afford to buy the very best! And . . . that's the kind of man a girl likes to marry! So . . . take it from an ex-bachelor. The next time she comes to dinner . . . be sure to hide the ROBERTS . . . or the next dinner you attend may be your last bachelor dinner!

Reels are 4 track.
with stereo mikes!
It's a beauty!
